#### 1(a) BASIS OF PREPARATION

The annual budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act* 1995 and accompanying regulations.

The Local Government Act 1995 and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The Local Government (Financial Management) Regulations 1996 specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the WMRC to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Financial reporting disclosures in relation to assets and liabilities required by the Australian Accounting Standards have not been made unless considered important for the understanding of the budget or required by legislation.

#### The local government reporting entity

All funds through which the WMRC controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 13 to the annual budget.

#### 2022/23 actual balances

Balances shown in this budget as 2022/23 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

#### **Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

#### Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

#### Initial application of accounting standards

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2021-2 Amendments to Australian Accounting Standards
- Disclosure of Accounting Policies or Definition of Accounting Estimates
- AASB 2021-6 Amendments to Australian Accounting Standards
- Disclosure of Accounting Policies: Tier 2 and Other Australian Accounting Standards
- AASB 2022-7 Editorial Corrections to Australian Accounting Standards and Repeal of Superseded and Redundant Standards

It is not expected these standards will have an impact on the annual budget.

#### New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 Amendments to Australian Accounting Standards
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture
- AASB 2020-1 Amendments to Australian Accounting Standards
- Classification of Liabilities as Current or Non-current
- AASB 2021-7c Amendments to Australian Accounting Standards
- Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- · AASB 2022-5 Amendments to Australian Accounting Standards
- Lease Liability in a Sale and Leaseback
- AASB 2022-6 Amendments to Australian Accounting Standards
- Non-current Liabilities with Covenants
- AASB 2022-10 Amendments to Australian Accounting Standards
- Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities

It is not expected these standards will have an impact on the annual budget.

#### Judgements, estimates and assumptions

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- · estimated fair value of certain financial assets
- · estimation of fair values of land and buildings and investment property
- · impairment of financial assets
- estimation uncertainties and judgements made in relation to lease accounting
- · estimated useful life of assets

#### Rounding off figures

All figures shown in this statement are rounded to the nearest dollar.

#### 1(b) KEY TERMS AND DEFINITIONS - NATURE OR TYPE

#### **REVENUES**

#### **RATES**

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum payment, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

#### **OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS**

All amounts received as grants, subsidies and contributions that are not capital grants.

#### **CAPITAL GRANTS, SUBSIDIES AND CONTRIBUTIONS**

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

#### **REVENUE FROM CONTRACTS WITH CUSTOMERS**

Revenue from contracts with customers is recognised when the local government satisfies its performance obligations under the contract.

#### **FEES AND CHARGES**

Revenues (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

#### **SERVICE CHARGES**

Service charges imposed under *Division 6 of Part 6 of the Local* Government Act 1995. Regulation 54 of the Local Government (*Financial Management*) *Regulations 1996* identifies the charges which can be raised. These are television and radio broadcasting, underground electricity and neighbourhood surveillance services and water.

Exclude rubbish removal charges which should not be classified as a service charge. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### INTEREST EARNINGS

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

#### OTHER REVENUE / INCOME

Other revenue, which cannot be classified under the above headings, includes dividends, discounts, rebates etc.

#### **PROFIT ON ASSET DISPOSAL**

Gain on the disposal of assets including gains on the disposal of long-term investments.

#### **EXPENSES**

#### **EMPLOYEE COSTS**

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences, safety expenses, medical examinations, fringe benefit tax, etc.

Note AASB 119 Employee Benefits provides a definition of employee benefits which should be considered.

#### **MATERIALS AND CONTRACTS**

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses (such as telephone and internet charges), advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc.

Local governments may wish to disclose more detail such as contract services, consultancy, information technology and rental or lease expenditures.

#### **UTILITIES (GAS, ELECTRICITY, WATER)**

Expenditures made to the respective agencies for the provision of power, gas or water.

Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

#### **INSURANCE**

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

#### LOSS ON ASSET DISPOSAL

Loss on the disposal of fixed assets.

#### **DEPRECIATION ON NON-CURRENT ASSETS**

Depreciation and amortisation expenses raised on all classes of assets.

#### **FINANCE COSTS**

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

#### OTHER EXPENDITURE

Statutory fees, taxes, provision for bad debts, member's fees or levies including DFES levy and State taxes. Donations and subsidies made to community groups.

### 2. RATES AND SERVICE CHARGES (CONTINUED)

#### (a) Service Charges

The WMRC did not raise service charges for the year ended 30th June 2024.

#### (b) Waivers or concessions

The WMRC does not anticipate any waivers or concessions for the year ended 30th June 2024.

#### **3(d) NET CURRENT ASSETS (CONTINUED)**

#### **MATERIAL ACCOUNTING POLICIES**

#### **CURRENT AND NON-CURRENT CLASSIFICATION**

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the WMRC's operational cycle. In the case of liabilities where the WMRC does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the WMRC's intentions to release for sale.

#### TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the WMRC prior to the end of the financial year that are unpaid and arise when the WMRC becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

#### PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the WMRC recognises revenue for the prepaid rates that have not been refunded.

#### INVENTORIES

#### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Superannuation

The WMRC contributes to a number of superannuation funds on behalf of employees. All funds to which the WMRC contributes are defined contribution plans.

#### LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the WMRC's intentions to release for sale.

#### GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for grants, contributions, reimbursements, and goods sold and services performed in the ordinary course of business.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional, unless they contain significant financing components, when they are recognised at fair value.

Trade receivables are held with the objective to collect the contractual cashflows and therefore the WMRC measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The WMRC applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

#### **PROVISIONS**

Provisions are recognised when the WMRC has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

#### **EMPLOYEE BENEFITS**

#### Short-term employee benefits

Provision is made for the WMRC's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The WMRC's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the determination of the net current asset position. The WMRC's obligations for employees' annual leave and long service leav entitlements are recognised as provisions in the determination of the net current asset position.

#### Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The WMRC's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the WMRC does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

#### 4. RECONCILIATION OF CASH

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

#### **MATERIAL ACCOUNTING POLICES**

#### CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

#### **FINANCIAL ASSETS AT AMORTISED COST**

The WMRC classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

#### 5. FIXED ASSETS

The following assets are budgeted to be acquired and/or disposed of during the year.

#### **RECOGNITION OF ASSETS**

## Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation proceeds with the carrying amount. These gains and losses 17A (5). These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

#### **GAINS AND LOSSES ON DISPOSAL**

Gains and losses on disposals are determined by comparing are included in profit or loss in the period which they arise.

#### **MATERIAL ACCOUNTING POLICIES**

#### **DEPRECIATION**

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Buildings - non-specialised 50 Years Furniture and equipment 3-5 Years Plant and equipment 5-20 Years Infrastructure 10-20 Years Right of use - land 40 Years Right of use - Office Lease 2023-25 Based on Lease Right of use - Kubota Based on Lease Right of use - Office Lease 2021-23 Based on Lease

#### 7. BORROWINGS

#### (a) New borrowings - 2023/24

The WMRC does not intend to undertake any new borrowings for the year ended 30th June 2024

#### (b) Unspent borrowings

The WMRC had no unspent borrowing funds as at 30th June 2023 nor is it expected to have unspent borrowing funds as at 30th June 2024.

#### MATERIAL ACCOUNTING POLICIES

#### LEASES

At the inception of a contract, the WMRC assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and a lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the WMRC uses its incremental borrowing rate.

#### LEASE LIABILITIES

The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.

#### 11. PROGRAM INFORMATION

#### (a) Key Terms and Definitions - Reporting Programs

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the WMRC's Community Vision, and for each of its broad activities/programs.

#### **OBJECTIVE**

#### Governance

To provide a decision making process for the efficient allocation of resources

#### Community amenities

To provide essential waste services to Member councils as required by the community.

#### **ACTIVITIES**

Member Council elected delegates and corporate support services. Includes the administration and operation of favilities and services to members and other costs that relate to the tasks of assisting members on matters which do not concern specific Council services.

Costs associated with the financing, administration, operation, and maintenance of the West Metro Recycling Centre, including green waste, weightbridge activities, community education and Verge Valet.
